The Selectmen's Word

POOR ACCOUNT

For the first time since 1933, there has been a decided drop in demand for relief, and we are able to report, this year, a balance in this account of \$1,728.28.

Out of over 70 cases that had relief during the past year, we feel at least two thirds should be self-supporting in 1942.

FOOD STAMPS

On September 1st, we started the food stamp plan. To do this we set up a revolving fund of \$1,000.00. This account is always kept in balance with stamps and cash on hand.

In September there were 40 participants who purchased a total of \$618.00 in orange stamps; this enabled them to get \$927.00 in food. In December the number of participants had increased to 57, with a purchase of \$1,197.00 in orange stamps and a food value of \$1,795.50.

Any family may become eligible to purchase food stamps whose income comes within the following monthly income limits:

Household Size	Monthly Income Limit
1	\$30.00
2	40.00
3	50.00
4	60.00
5	80.00
6 and over	120.00

CIVILIAN DEFENSE

In accordance with advice and instructions from the Office of Civilian Defense at the State House in Augusta your municipal officers have appointed a Defense Council for the town and along lines suggested by state authorities have completed a detailed de-

fense organization in which a great number of the citizens have a part. Many classes for first aid instruction and home nursing have been and are being conducted and also special instruction for our volunteer police, volunteer firemen, and air raid wardens. A control center has been established and everything possible is being done in order to mitigate the injury and damage that might result from a disaster of any kind, military or otherwise.

By virtue of his office the chairman of the Board of Selectmen was appointed by the Governor as Coordinator and upon his recommendations the Governor appointed a Vice Coordinator and Chairmen of the several Committees.

JOHN N. BALCH,

WARREN K. WENTWORTH,

ALBERT P. DAY,

Selectmen of Kennebunk.

REPORT

OF THE

Superintendent of Schools

Kennebunk, Maine, February 2, 1942.

To the Superintending School Committee of Kennebunk:

I submit to you at this time the annual report of the Superintendent of Schools.

The School Census of April 1, 1941, lists 579 boys and 559 girls, a total of 1138 persons between the ages of five and twenty-one years in the town on that date. There were 765 enrolled in the schools of Kennebunk this fall.

There was only one change in the teaching group for the fall term. Miss Wilma Buck was hired to teach the primary room at Lower Village in place of Mrs. Trainor who resigned last spring. Miss Buck has had several years of successful experience, loves children and has carried on the work in that room in her usual capable way. I think she has already made a place for herself in the community.

Early in 1942 Mr. Plaisted of the high school faculty was called to service in the Naval Reserve. Our best wishes go with him in his patriotic service. Miss Eloise Simpson, a graduate of the University of Maine, was hired to replace Mr. Plaisted. Miss Simpson has been at work with us only a short time, but her education and training have been mainly in the field of mathematics, which qualifies her well for the position which she has accepted.

This year, in order to cut the cost of our portion of the town report, the special teachers, Miss Young and Miss Balch, have consented to eliminate their written reports. Both these teachers are carrying on their work in the usual efficient manner to which we have become accustomed. Next year a part of my report may be devoted to a discussion of the work which these teachers may wish to have explained.

The work of the helping teachers at the Cousens and Park Street schools is continuing this year with about the same number of children receiving assistance.

I am pleased to report again that your committee has managed the expenditures in the school accounts so well that there are balances in nearly every account.

We have made the usual miscellaneous repairs this year. The interior of the Lower Village school was given two coats of paint and some rooms in each of the three village schools were repainted. One pipe which drains the surface water from the roof at the Park Street building became plugged with tar and resulted in some damage to the interior of the building. The clearing of the pipe and its repair was an example of the unexpected but necessary repair jobs which arise as emergencies.

Next summer we are planning to repaint the interior of both rooms at West Kennebunk, the outside finish at the high school, and some rooms of the village school buildings. The compressor at the high school does not operate properly and we must replace it with a new one.

May I express my appreciation of the work of the teachers and members of the school committee and my thanks to all citizens who have assisted us in our work.

Yours respectfully,

JOHN S. CARVER.

REPORT OF HIGH SCHOOL PRINCIPAL

To Mr. John S. Carver, Superintendent of Schools:

Dear Sir—

I hereby submit to you the annual report of the principal of Kennebunk High School.

HOME ECONOMICS

More and more the value of Home Economics is being recognized and as a result the number of students in this course has been increasing during the past two years. The enrollment this year is as follows: 7th grade, 31; 8th grade, 25; Freshmen, 28; Sophomores and Juniors, 15; Seniors, 12; total, 111.

The Red Cross first aid course is being stressed more than ever this year due to the national emergency.

All grades have participated in the surplus commodity canning project and have thereby learned valuable lessons.

The course open to Seniors has been reorganized this year and in the new course the Home Economics laboratory is used as an experimental kitchen—recipes brought in from outside sources being tested and records of changes made. The Seniors will also have a part of the year devoted to “Consumer Education” designed to enable pupils to understand values and to purchase goods more wisely. Some time will be spent on “Vocational Guidance” in these classes.

A new course in the “Care and Training of Children” has been instituted this year. During this course the girls study the men-

tal, physical and emotional development of the child, the formation of habits and the correction of bad habits.

MANUAL TRAINING

In the Manual Training Department a slight change has been made in the curriculum to include work in wrought iron in the seventh grade, some elementary automobile mechanics and mechanical drawing in the eighth grade in addition to the regular work in woodworking in all the classes. Some sheet metal work in the seventh grade and electricity in the eighth grade is carried on as was the case last year.

COMMERCIAL

The commercial Department has made excellent progress during the past year. Through the cooperation of the business men of the town, it was possible last year to give several of the advanced business course students opportunity to gain actual office experience by placing those that had met the necessary qualifications, in offices one day a week for a six-week period. This plan was successful and will probably be continued this year.

PHYSICAL EDUCATION

The physical education program has been carried on in relatively the same manner as last year with more stress, however, on health and on corrective exercises for individual physical defects.

CAFETERIA

During the past six months more progress has been made in this department than during any other similar period. Partly due to the canning project and partly due to increased buying by the pupils and careful planning by Mrs. Dorothy Boston, a satisfactory lunch may be purchased for as little as 8 or 10 cents.

CONCLUSION

These are critical times. The world is being torn by an upheaval that has no equal in history. What will follow this upheaval nobody can truly prophesy. Our school is doing its utmost to help our youth to grow in character and in knowledge, to be dependable, honest and tolerant. All of our school activities, if they are to justify their existence, must contribute to this end—the formal subjects, athletics, clubs, debates, informal dis-

cussions of the class rooms, student government. If these all do play their part in their education, we need not be afraid that our boys and girls will not measure up to the great challenge of the future.

Respectfully submitted.

LAWRENCE L. PAGE.

Board of Engineers

We have had 83 alarms this year, 59 still and 24 box.

Two hundred feet of 2½ inch hose was purchased for the Kennebunk Fire House. We need at least for regular work 500 ft. of 2½ inch hose, and 1000 ft. of 1½ inch hose, but this would not answer in filling the need in cases of emergencies that might arise under civilian defense.

The appropriation asked for is to cover the cost of equipment such as hose, rubber coats, etc., for the entire department.

Respectfully submitted,

CHARLES H. CURRIER,

Chief Engineer.

Ralph O. Evans,

Truman I. Littlefield,

Daniel Wormwood,

Assistant Engineers.

Park Commission

The Park Commission has cared for the Plots, Parks and Playground as usual and sprayed the trees.

Last year we asked for an extra appropriation of \$200.00 for work on the Lafayette Elm and for the grading of a part of the Lafayette Park from Storer to Parsons street. The work on the Elm was completed, and we believe the tree to be in very good condition; but it will be inspected again this year, and if necessary, work will be done to prolong the life of the tree as much as possible.

The work of grading a part of Lafayette Park was carried on as far as the appropriation would allow. We think that the same amount of work during the present year will complete the grading.

We reserved enough out of the whole appropriation which was to be used for the removing and pruning of our trees, but on account of our inability to get labor this fall this tree work was not done—hence a balance of \$129.42.

We are asking for the same appropriation this year in order

that we may finish the Park and do work on the trees which is very necessary.

Mrs. Alexander Burr, Sr., presented the Town with three trees which she set out on Brown street in memory of her husband, and Mrs. Hartley Storer gave the Town two maples which were growing in her garden but which we were unable to transplant this fall. We acknowledged the receipt and appreciation of these gifts from Mrs. Burr and Mrs. Storer.

FRANK RUTTER.

HENRY PARSONS.

ELLIOT ROGERS.

Report of Health Officer

The Health Officer of the town of Kennebunk submits the following report for the year ending Dec. 31, 1941:

The sanitary condition of the town remains very good.

Only one case of typhoid fever was reported. There have been no cases of diphtheria or scarlet fever. For the last six weeks measles have been very prevalent among the smaller children, but few severe cases.

In some instances measles cards have not been placed on the houses because the disease was not reported until the child was out. In cases where there has been no attending physician the parents should have notified the Health Officer as soon as the disease was recognized.

EDGAR S. HAWKES, M. D.,

Health Officer.

Report of Milk Inspector

To the Citizens of Kennebunk:

The analysis of the samples of milk taken from the delivery trucks by state inspectors shows the quality to be well above the requirements and we are indebted to the delivery men for not advancing their prices as soon as in many other places.

Conditions have made it necessary to make some deliveries less frequently and other adjustments will probably have to be made.

ALBERT P. DAY,

Milk Inspector.

The May issue of "The Atlantic Monthly"—60,000—carried a full-page ad. The June issue carried a half-page ad. and a special directory carried a full-page ad., totalling 138,000 individual copies.

Our full-page ad. appeared in 40,000 "Maine Invites You," in 10,000 booklets, "The Kennebunks" and in the Boston Globe, the New York Sun and the Hartford Courant.

Seven hundred sixty-three inquiries resulted from this advertising. All inquiries were answered and booklets mailed. Two thousand four hundred seventy-four cars called at the information bureau for information and direction.

The task was a new one for us but we tried to do our best and we feel that the service should be continued.

REPORT

OF THE

Electric Light Department

To the Electric Light Commissioners:

Gentlemen:—

As Treasurer and Manager of the Electric Light Department I submit my annual report for the year 1941.

The report of the Department for 1941 compares favorably with that of other years. Though experiencing a very low run of water, necessitating the purchasing of an increased amount of power, the Light Department closed its books with a gain of \$16,828.18, before depreciation, which was a decrease of \$1,457.01 as compared with 1940.

The total revenue increased \$2,198.62 over last year, making a grand revenue of \$57,171.90. This was in face of a curtailment of revenue at West Kennebunk industrial plant amounting to \$450.00 per month for the last four months of the year. A glance at the tabulated statement of revenue and kilowatt-hours sold, listed as a part of this report, will be seen a gain in revenue in all classifications, excepting one, and a loss in only three, in kilowatt-hours sold, and those minor.

The usual amount, \$3,000.00, has been charged to depreciation. After charging off certain meters and transformers, retired from service, we have a credit in the Depreciation account of \$30,101.16. This depreciation charge is based on one and one-half per cent of the Fixed Capital Property, the percentage being recommended by the Public Utilities Commission.

The two hydraulic power plants with all equipment stand on the books at around eighty thousand dollars. The percentage of depreciation reserve to this amount is about one third. The distribution and service lines as separate from the plants are constantly being maintained and charged to maintenance and these are not permitted to decrease in value as the increased demands

for electric service makes it imperative that we guard against line failures.

The usual amount, \$5,000.00, has been paid to the Town Treasurer and charged to Capital Surplus. This leaves a balance, \$4,418.98. This will be paid this year.

At the beginning of the year, Cash on hand and in Banks amounted to \$8,009.89. The year closed with \$16,128.17 on hand. This was a gain of \$8,118.28.

For further details of Resources, Liabilities and Schedule of Income and Operating Expenses see statement as a part of this report.

All woodwork in the Town Industrial building has been given two coats of paint, broken glass reset and new windows, including sash and frames, put in on the lower floor on the Main Street side. With Venetian blinds, installed at the tenants' expense, adds much to the appearance of the property.

The tenement house at West Kennebunk has undergone repairs. A section of the foundation has been relaid and on the east side some shingling and clapboarding done to finish in a space where an old shed had been torn down several years ago. Also a room was partitioned off and flush closet installed, connecting with a septic tank, replacing an old cesspool dug many years ago.

New water service pipe was brought in from the road. Part of these improvements made it possible to tear down an old out-building, regarded as a firetrap.

The tenement house cost the Department, as a part of the Linen Thread Co. purchase, \$500.00, and in view of the improvement \$150.00 was charged to the Capital Cost and the balance to maintenance.

This tenement has been occupied continuously since owned by the Department and was so occupied several years before purchase.

Two good coats of paint in the spring will do much to preserve the property.

The upriver side of the dam at West Kennebunk has been re-boarded, work that has to be done occasionally to prevent leaks.

The waterwheel at Kennebunk was installed in 1929 and has run continuously ever since. We had a man from the factory

come and make a thorough inspection of all pins and bushings connected with the gate mechanism and had all replaced as they showed wear and erosion.

For the last two or three years all meters installed for new services have been of the outdoor type. This makes it possible to obtain readings without entrance to customers' premises. In keeping with plan many new services have been changed over for outside readings where customers' cooperation could be obtained to take care of their share of the expense.

On account of the emergency, Government system of priority rating, has put a stop to the retirement of any equipment providing the old will function properly for the purpose for which it was installed.

All newly constructed buildings and those remodeled are permitted to have outside Meters when deemed advisable.

No new line construction is permitted where the 2300 line is involved. This is to conserve material.

In keeping with your recommendation the street light system has been patrolled once a week and all burnouts and broken lamps replaced. On the average five lamps per week have been found not burning or a total of two hundred and fifty for the year.

Following we submit a tabulated statement of current generated and purchased and the major purpose for which they were used, and other comparative data.

STATE DEPARTMENT OF AUDIT

Augusta

February 17th, 1942.

Mr. John N. Balch, Chairman, Board of Selectmen,
Dear Sir:

In accordance with your request, we shall get a typed copy of our report of audit to you just as soon as possible. Due to the fact that your town meeting is so early in March and your town report has to be printed, it is impossible for us to get our report to you in time for printing in your annual report.

Very truly yours,

STATE DEPARTMENT OF AUDIT,
Harold E. Crawford,
Municipal Auditor.

WARRANT

For Annual Town Meeting

MONDAY, MARCH 2, A. D. 1942

and Report of Budget Committee

To A. Wesley Leech, a Constable of the Town of Kennebunk in the County of York and the State of Maine:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Kennebunk, qualified by law to vote in town affairs, to assemble in the Town Hall of said Town on Monday, the second day of March, A. D. 1942, at eight-thirty o'clock in the forenoon, then and there to act on the following articles, viz.:

First—To choose a moderator to preside over said meeting.

Second—To elect, under the provisions of Sections 33 to 52 of Chapter Five of the Revised Statutes of Maine, duly accepted by said Town, the following Town Officers for the ensuing year, namely: one Town Clerk; one Selectman, one Assessor and one Overseer of the Poor for the Upper District; one Selectman, one Assessor and one Overseer of the Poor for the Middle District; one Selectman, one Assessor and one Overseer of the Poor for the Lower District; a Town Treasurer for one year; one Superintending School Committeeman for three years; one Collector of Taxes; five Constables; one Chief Engineer of the Fire Department; one Road Commissioner; one Park Commissioner for three years; one Trustee of the

Kennebunk, Kennebunkport and Wells Water District for three years; and three Assistant Engineers of the Fire Department.

The polls will be open at eight-thirty o'clock in the forenoon and continue open until one-thirty in the afternoon, when they will close.

The Selectmen hereby give notice that they will be in session in their office in the Town Hall for the purpose of correcting a list of voters on Saturday, the twenty-eighth day of February, 1942, from two until four o'clock in the afternoon, and on the day of said meeting from eight in the forenoon until the election of Town Officers required by law to be elected by ballot, has been completed.

Third—To see what sum of money the Town will vote to raise for the construction and repair of roads, bridges and sidewalks in said Town during the ensuing year, and how the same shall be raised.

3. Com. recommends \$2,500.00 by assessment, divided among the three districts.

Fourth—To see what sum of money the Town will vote to raise for the removal of snow from its streets, roads and sidewalks in said Town during the ensuing year, and how the same shall be raised.

4. Com. recommends \$4,000.00 by assessment, expended under supervision of the Selectmen.

Fifth—To see what sum of money the Town will appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges), under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chap. 229, Public Laws of 1937.

5. Com. recommends \$1,333.00 by assessment.

Sixth—To see what sum of money the Town will vote to raise for the Support of the Poor for the ensuing year, and how the same shall be raised.

6. Com. recommends \$9,000.00 by assessment.

Seventh—To see what sum of money the Town will vote to raise for Veteran's Aid during the ensuing year, and how the same shall be raised.

Eighth—To see what sum of money the Town will vote to raise for Mothers' Aid during the ensuing year, and how the same shall be raised.

8. Com. recommends \$1,600.00 by assessment.

Ninth—To see if the Town will vote to raise the sum of \$500.00 for the construction and continuance of the Old Falls Road, from a point one-half mile above Number Ten and the continuance thereof as far as money will allow and work to be done under supervision of road commissioner, and if so, how the same shall be raised.

9. Com. recommends that the R. F. D. money be used for this construction, beginning at, or near private road to Old Falls and leading in the direction of Kennebunk, amounting approximately to \$350.00.

Tenth—To see if the Town will vote to raise the sum of \$400.00 to resurface a section of the Ross Road, beginning at a point in front of the home of Gerald Rose and running west toward the home of Archie Bartlett as far as the money will allow.

10. Com. recommends indefinite postponement, as this will be designated as State Aid Road Construction to begin in 1943.

Eleventh—To see if the Town will vote to raise the sum of \$399.00 for the maintenance of its Third Class Highways, and how the same shall be raised.

11. Com. recommends \$399.00 by assessment.

Twelfth—To see what sum of money the Town will vote to raise for the surface treating of its streets and highways of said Town during the ensuing year, and how the same shall be raised and by whom expended.

12. Com. recommends \$4,000.00 by assessment to be expended by the Road Commissioner.

Thirteenth—To see what sum of money the Town will vote to raise for the purpose of hauling and spreading sand on the tarvia to be applied to the streets and highways of the Town during the ensuing year, and how the same shall be raised.

13. Com. recommends \$1,500.00 by assessment to be expended by the Road Commissioner.

Fourteenth—To see what sum of money the Town will vote to raise for the removal of bushes along the highways of said Town, and how the same shall be raised.

14. Com. recommends \$400.00 by assessment.

Fifteenth—To see what sum of money the Town will vote to raise for the purpose of patrolling and cleaning rubbish from its roadsides, and if so, to designate what roads shall be patrolled and cleaned, and also to see how much money shall be raised, and how the same shall be raised.

15. Com. recommends \$200.00 by assessment, with the same roads to be patrolled and cleaned as last year.

Sixteenth—To see what sum of money the Town will vote to raise for the care of a Town Dump, and how the same shall be raised.

16. Com. recommends \$375.00 by assessment.

Seventeenth—To see what sum of money the Town will vote to raise for the maintenance of its Sewer System, and how the same shall be raised.

17. Com. recommends \$600.00 by assessment.

Eighteenth—To see what sum of money the Town will vote to raise for the cleaning of its beaches during the summer season, and how the same shall be raised.

18. Com. recommends \$300.00 by assessment.

Nineteenth—To see what sum of money the Town will vote to raise for improvements at Kennebunk Beach for the ensuing year, and how the same shall be raised.

19. Com. recommends \$500.00 by assessment.

Twentieth—To see if the Town will vote to raise the sum of Sixteen hundred and seventy-one dollars (\$1,671.00) for the yearly maintenance of State Highways and State Aid Highways in said Town for the ensuing year, and how the same shall be raised.

20. Com. recommends \$1,671.00 by assessment.

Twenty-first—To see if the Town will vote to raise \$200.00 for keeping Main Street clean, and how the same shall be raised.

21. Com. recommends \$200.00 by assessment.

Twenty-second—To see if the Town will vote to raise the sum of \$500.00, to resurface the sidewalk beginning at the junction of Pleasant and Main Streets, West Kennebunk, and running in a northwesterly direction, and if so, how the same shall be raised.

22. Com. recommends that the road commissioner repair the sidewalks with funds taken from the regular sidewalk appropriation.

Twenty-third—To see if the Town will vote to raise a sum of money for resurfacing of Sidewalks, and if so, what sum it will vote to raise for same, and how the same shall be raised.

23. Com. recommends \$2,000.00 by assessment, to be expended under the supervision of the Selectmen.

Twenty-fourth—To see what sum of money the Town will vote to raise for the proper observance of Memorial Day, and how the same shall be raised.

24. Com. recommends \$200.00 by assessment.

GIVEN UNDER OUR HANDS at Kennebunk, in the County of York, and State of Maine, the sixteenth day of February, in the year of our Lord, One thousand nine hundred and forty-two.

JOHN N. BALCH,

ALBERT P. DAY,

WARREN K. WENTWORTH,

Selectmen of the
Town of Kennebunk.

REPORT OF BUDGET COMMITTEE

To the Citizens of Kennebunk:

The Budget Committee in making their recommendations for 1942 have carefully considered the fixed operating expenses of the town and other items asked for.

The budget recommendations total \$112,961.62, which is \$7,256.88 under last year, but with the expectation of increased State and County taxes and Town operation, possibly increased due to a defense program over which we have no control, we earnestly hope that our recommendations will be closely followed and that additional appropriations will not be asked for.

This would keep our taxes in line with those of last year.

Respectfully submitted,

Charles W. Fuller, Chairman.

Joseph T. Cole, Secretary.
